- ❖ This is the basic design what normal pages have , first page will be login page , with the reference link of forgot password page and signup page.
- ❖ Then our home page will be there which will have the link of career counselling page , courses page link , logout link and many more.
- ❖ In Counselling also there will be different types of options as personalized counselling , paid counselling and common counselling.
- ❖ There will be payment page also with the information of previous payments.
- ❖ Then in different pages the detailed versions will be there which help students to choose their career , how to pursue their career , best college.
- ❖ This will be a wide website which will help students of Class 10th and Class 12th.
- ❖ This is just rough design of website , but there will be many different design font , background and user interface in the real website.
- ❖ Original website will be different from this.
